DESCRIPTION

The Torsade wall lamp is a tribute to the architectural ornaments and furniture developed over the centuries by sculptors, bronziers and cabinetmakers. Inspired by the scrolls and acanthus leaves interlaced, Torsade purifies the curves and frills, keeping only an arabesque enhanced by the fineness of the polished and sandblasted under a layer of gold. Light source is composed of two LED spots. A driver is needed to operate the light, but it is not integrated to the lamp.
